

PRODUCT NAME

BOUNCEPAD FLEX MAXI (WHITE)

DESCRIPTION

Flex (Maxi Case) is a versatile tablet stand by Bouncepad, which thanks to a flexible and stable arm guarantees a full range of motion around each axis. The user is able to position the tablet in any possible angle - both horizontally and vertically!

Bouncepad Flex Maxi in white is a stand compatible mainly with Apple iPad and Samsung Galaxy tablets. A full list of compatible devices can be found on the left.

Flex Maxi Case is characterized by elegance and aesthetic cabling - all wires are routed inside the arm. The back panel on which the protective lock is placed is made of durable plastic (ABS). The front panel is made of stainless steel (powder-coated in white color). The front panel design allows access to the Home button.

The stand can be installed in the base in two ways: - from below - the thickness of the base must be less than 25 millimeters - in this case, the height of the stand is 265 mm; - from above - the thickness of the base must be greater than 34 millimeters - in this case, the height of the stand is 271 mm. Installation instructions are provided in the attachment below.

Bouncepad Flex Maxi Case is a stand 100% recommended by SQM Rental House. In addition to white
