

LG 75UL3E-T

TECHNICAL DETAILS

Diagonal (in)	75
Panel	IPS
Standard	UHD 4K
Resolution (px×px)	3840x2160
Width of viewable area (mm)	1652.6
Height of viewable area (mm)	936.3
Upper / lower bezel size (mm)	20.2 / 21.5
Left / right bezel size (mm)	20.2 / 20.2
Screen aspect ratio	16:9
Max. brightness (cd/m ²)	350
Viewing angles (h/v; °)	178/178
Connectors	1 x Ethernet (RJ45)
Connectors	3 x HDMI (Input)
Connectors	1 x RS-232C (3.5mm jack)
Connectors	1 x USB-A
Connectors	1 x Optical digital audio output
Max. power consumption (W)	243
Width without stand (mm)	1693
Height without stand (mm)	978
Depth without stand (mm)	88.8
Net weight (kg)	34.6

PRODUCT DESCRIPTION

The 75-inch LG 75UL3E-T is a UHD industrial monitor with an IPS panel that guarantees the highest quality of vivid colors with a wide viewing angle, which means that perfect details can be seen from any position.

Through BLE technology, duplication of content in real-time on several devices is trivial and convenient through the use of Wi-Fi networks. The big advantage of 75UL3E-T is that the TV works as a virtual router - thanks to this, mobile devices nearby can easily use its network.

Editing and playing selected content is possible thanks to the built-in CMS content management system, and compatibility with the AV Control System enables quick integration and automation of device control. LG 75UL3E-T offers 3 HDMI ports - two on the side and one on a rear panel of a device. There are also mounting holes in the 600x400mm VESA standard.

Available in SQM Rental House LG 75UL3E-T has many wireless functions and a wide range of compatibility, making it ideally suited as a business solution that greatly simplifies and speeds up the work.
