

SHOWTEC LED LIGHT 8

TECHNICAL DETAILS

Standard	DMX512
Diode type	240 x 10mm LED (96R, 72G, 72B)
Beam angle (°)	30
Flash frequency (min/max; Hz)	1/20
Luminous flux (lm)	800
Material	Aluminium
Max. power consumption (W)	32
Supply voltage	100-240V AC; 50/60Hz
Width (mm)	1070
Height (mm)	88
Depth (mm)	65
Net weight (kg)	2.6

PRODUCT DESCRIPTION

LED Light 8 is an LED bar by Showtec, which is equipped with 10-millimeter 240 LEDs - 96 red, 72 green, and 72 blue. Thanks to the division of the bar into 8 sections, it is possible to achieve a great color flow effect, movement effect and chase effect.

The bar has 2/3/4/7/14/26 channels in the DMX512 standard, which allows optimal control via the 3-pin XLR input. The device has a light source with a capacity of 800 lumens in the RGB color system. The viewing angles reach 30 degrees, and the flash frequency is available in the range of 1 to 20 hertz. The dimming level can be adjusted from 0 to 100%.

LED Light Bar 8 is equipped with four control buttons, XLR output/input, and AC power supply port (100-240V). The refresh rate is at 400Hz, and the maximum power consumption is 32 watts. The bar is housed in an aluminum housing. SQM Rental House recommends this product!
