Max. fax resolution (dpi)	N/A
Paper tray input	100
Paper tray output	25
Connectors	1 x USB-B
Width (mm)	445
Height (mm)	128
Depth (mm)	564
Net weight (kg)	5.41

PRODUCT DESCRIPTION

ENVY 5032 is a multifunction device from Hewlett-Packard that offers color inkjet printing and HP Thermal Inkjet technology, CIS scanning with a resolution of 1200x1200, copying and faxing.

The equipment has the ability to print 10 monochrome pages per minute and 7 in color at a resolution of 4800x1200dpi. Copier works in mono as well as in color and on duplex. The tray holds 100 sheets and the output tray can store 25 pieces of paper.

The device also offers printing from mobile devices via the WiFi Direct function and the HP ePrint service. Thanks to AirPrint (iOS) it is possible to print from Apple devices, and the equipment also supports devices with Android, Symbian, BlackBerry, Windows RT, and Windows 8 systems.

HP ENVY 5032 has 256MB of built-in DDR3L memory, is equipped with a Hi-Speed USB 2.0 Type-B port and supports dual-band WiFi 802.11b/g/n. According to the manufacturer's specifications, the device can print approx. 1000 pages per month. It consumes approx. 14 watts of power during printing and 3.6W in standby mode. SQM Multimedia Support invites you to check the availability of a multifunction HP device!
