

PRODUCT NAME

# P3.9-7.8 / HOXLED / TRANSPARENT SCREEN

DESCRIPTION

HOXLED introduces the innovative, transparent LED cabinet with a fantastic 3.9mm horizontal and 7.8mm vertical pixel pitch. The SMD1921 technology, fantastic transparency and great pixel pitch allow the customer for a professional, highly-bright and full of details visual performance.

HOXLED's anti-glare, 72% transparent LED display screen ensures an amazing high contrast with vivid, detailed colors and great viewing angle, thanks to LED chip of high quality and ultra-high refresh rate. With HOXLED's GOB technology, the LED cabinet is fully waterproof (IP65 protection level), dustproof, anti-UV and highly-resistant of any crashes or collisions.

The weight of only 5.7kg and aluminum structure which consists of removable modules allows you for very quick installation, easy maintenance from the front and back, great uniformity of the screen and the possibility of building fantastic, transparent light walls.

Everything is completed by great energy-saving and low electrical current, which gives a possibility to save 30% more energy than the regular screen.
