

PRODUCT NAME

NEC C981Q

DESCRIPTION

How to make a good impression on participants of meetings and conferences? Just use the NEC C981Q monitor with excellent UHD 3840x2160 resolution (expandable to 4096x2160). Thanks to the amazing 98-inch diagonal you can get the fantastic image quality. This product is also known for its reliability.

With a brightness of 350 cd/m², NEC C981Q guarantees excellent visibility without persistent reflections and great viewing angles - NEC MultiSync monitors perfectly meet the needs of modern conference spaces. The solid and elegant design means that the monitor fits perfectly into any application, in any environment. The phenomenal image can be displayed in both horizontal and vertical orientations.

In addition, numerous inputs with native UHD resolution and 60Hz refresh rate, including DisplayPort, HDMI and the option slot for OPS (slot-in type) computers, combined with the automatic conversion of lower resolution signals to UHD resolution, guarantee the impression of a flawless image. TV device has a number of functional sensors - lighting intense, human presence, temperature, and NFC.

NEC MultiSync C981Q offers a slot for microSD cards, 4 USB ports [incl. power supply port (CM1), service port (CM2), and software upgrades port (MP)], and one USB-B. The monitor also has an additional feature in the form of TileMatrix (size 10x10), making it a fully interactive device.

PRODUCT NAME

NEC C981Q

DESCRIPTION (CONTINUED)

NEC C981Q that is recommended by SQM Multimedia Support is equipped with VESA-compliant mounting holes with 400x400mm spacing (M8).
