PRODUCT DESCRIPTION

SQM Rental House recommends JBL Charge 2+ - a wireless speaker that is equipped with two 1.75-inch transducers and continuous power of 15W.

The portable speaker is equipped with a 6000mAh lithium-ion battery, thanks to which the device can also be used as a power bank. External devices can be charged via the USB port and the speaker itself via the MicroUSB connector. A 3.5mm AUX jack is also available to the user. In addition, the Charge 2+ supports the Bluetooth 3.0 standard, which allows three additional devices to be connected to the speaker.

In addition to great sound quality in the 75Hz-20kHz frequency range and power bank functions, JBL Charge 2+ can also be used as a speakerphone. The compact dimensions of the speaker and the weight of 600g make the Speaker 2+ highly mobile - you can enjoy its functions anywhere.
