HF transducer	N/A
Nominal coverage (h/v; °)	N/A
Width (mm)	470
Height (mm)	420
Depth (mm)	120
Net weight (kg)	8

PRODUCT DESCRIPTION

SUBLIME is an Apart Audio* passive subwoofer, which has a 6.5-inch low-frequency transducer with two coils and a paper-coated membrane. The nominal SUBLIME-BL impedance is 8 ohms. The equipment is available in the SQM Rental House rental in black.

The compact subwoofer is only 120mm deep and weighs 8 kilograms, which allows it to be easily positioned in an unusual arrangement. The device perfectly reproduces low frequencies in the 50-200Hz range, and its efficiency (measured from 1 meter with 1 watt) is 85dB. The maximum sound pressure level reaches 107dB.

The loudspeaker housing is made of MDF and its protection level is IP20.

The SUBLIME-BL subwoofer is also equipped with a crossover and works very well with Apart Audio MASK2 speakers, which are available at SQM Rental House.

* - now known as Biamp
