Set contains	Remote control

PRODUCT DESCRIPTION

LG 42LF5800 is a 42-inch Smart TV with 1920x1080 Full HD resolution, which offers a wide range of functions of intelligent energy-saving - adjustable screen backlight, the ability to turn off the display during playback of the sound only, or Standby Mode Zero, which offers hibernation of the device with zero energy consumption. In addition, the 42LF5800 features Motion Eco Sensor technology that adjusts the brightness of the screen in areas relevant to motion reproduction, thereby reducing power consumption.

Transferring any content from different devices and screen sharing is very easy thanks to the LG Smart Share function, which allows you to quickly establish a connection between devices located nearby 42LF5800 - simply just log in to the LG cloud.

The 42LF5800 has three HDMI inputs (including ARC and MHL) and three USB ports. An Ethernet port (RJ45) is also available.

Mounting sockets in the VESA standard are available in 400x400mm spacing. The device with the base is 49mm higher and 162.5mm deeper.

To rent an LG 42LF5800 TV, we invite you to check its availability at SQM Rental House!
